

The Muslim Council of Britain leadership capacity building programme

Chair F & GP

Aim

To develop leadership capacity within the British Muslim Community.

Background

The 10 day residential MCB leadership development programme is now complete. This focus of the programme was self developmental. It aimed to get participants to understand themselves and work towards identifying the barriers that prevent them taking challenging leadership positions.

Topics

- Understand infrastructure and institutions in civil society that shape policy affecting the British Muslim Community.
- Develop strategic thinking within the British Muslim Community
- Creative thinking skills and planning for the future of the community
- Media training
- Application of systems theory and whole systems working to the Muslim Community.
- Stress management- balancing personal and voluntary work with personal lives.

Objectives

- To enable participants to digest learning from the 2000 census on faith demographics.
- To enable participants to share key challenges facing the British Muslim Community.
- To enable participants to understand the structures, organisation and politics of the British Muslim Community.

Target group

- 1st cohort of the MCB leadership Development Programme (MCB LDP)
- Potential participants of the next cohort of MCB LDP
- MCB office bearers, special advisors, committee chairs and CWC members.
- Senior leadership of the MCB affiliates.
